

Wildwood Child and Adult Care Food Program, Inc.
...for those who care for children

To whom it may concern:

Wildwood Child and Adult Care Food Program partners with the United States Department of Agriculture (USDA) and Colorado Department of Public Health and the Environment (CDPHE) to provide accurate and relevant nutrition training for licensed child care providers. As part of this partnership, Wildwood staff and child care providers have access to multiple dietitians and nutrition consultants on staff at CDPHE to answer nutrition related questions as they arise.
